New Cryopen Surgical System!!

Adult Medicine PC has a new machine that removes skin tags, moles, warts & more. The CryoPen is the safest instrument available because it uses state-of-the-art, linear compression cooling technology that does not require handling of dangerous cryogenic gases & liquids. The treatment has minimal scar-

ring and no need for anesthetic/needles or scalpels. This system is also used in the treatment of: skin tags, warts/plantar warts; dermatofibroma; non-recurrent basal cell and more! **Contact our office for more details!**

ATTENTION ALL PATIENT

It has come to our attention that there are unfair, negative evaluations posted on the internet in regards to our Practice/Staff. We would greatly appreciate it if our current patients could help us fight back at these comments with a "Positive Campaign". This can be done by simply posting a few positive words about your opinion/experience with our Practice on different Internet Search Engines. Here are a few sites:

www.google.com
www.angieslist.com
www.healthgrades.com
www.ucomparehealthcare.com
and of course comment on our website (click on OFFICE REPORT CARD)

Thank you again!

EMPLOYEE OF THE QUARTER

And the winner is.....

Loran C, MA & Office Manager

Every 4 months, our staff will vote which member of our team that has showed an extra effort with our practice and patients. Look for our next Employee of the Quarter in our July 2010 newsletter!

Patient of The Year results are in!

Every January our staff chooses a patient from each side of the practice (Adult Medicine & Pain Management) to be our Patient Of The Year ! These patients showed a strong commitment to keeping their scheduled appointments had a strong compliance with our office policies and protocols, and followed instructions to actively improve their conditions. Our winners for this year were:

Sheila Reilly for Pain Management Services
Linda Chaffee for Adult Medicine PC
